

PRESS RELEASE

ICE Water Management and REPASSA announce strategic partnership

“We are delighted to announce a new partnership with REPASSA”. From now on joining our forces will comfort our presence in South East Asia and enhance business performance and ability to unleash Asia’s growth potential.

This strategic partnership will address the requirement for local support, and it is a direct response to Asian growth demands. REPASSA’s presence in markets such as the Vietnam, Thailand, Singapore, Indonesia, Myanmar, Malaysia, and Philippines, combined with its expertise in engineering solutions and after sales maintenance, brings a wealth of business experience.

Through this new partnership ICE Water Management and REPASSA intend to focus on supplying Asian companies hygienic water treatment solutions designed to respond to regulations and quality requirements. Together, we will insure our clients a strong presence to provide end-to-end and high quality services to our clients in South East Asia.

We aim to support REPASSA’s commitment and vision of increasing by providing all the keys to success. Training sessions were held in order to deliver all the technicality of our solutions to our partners.

About ICE Water Management

ICE is a partner of the biggest and most ambitious brands of water based beverages and bottled water around the world.

Our expertise covers turnkey water treatment project roll-outs including the design and manufacturing of water treatment systems.

In addition to this core activity, ICE also provides expertise and consulting, helping bottling companies to make the right choices and ensure their investment is profitable.

Once the project is commissioned, ICE provides assistance and services to its customers, allowing the installation to be fine tuned and efficiently operated and maintained. ICE helps in implementing good manufacturing practices, taking into account each specific situation. Visit: www.ice-water-treatment.com

About REPASSA

Established since 1992, REPASSA has evolved to a reliable name in the Hygienic & Chemical Industries. REPASSA represents renowned brands from Europe and USA, and offers engineering solutions & after sales services to maintain equipment at its best condition. That includes Utilities, Liquid and Powder processing, Filling & Packaging machines, etc., ranging from single component like pump & valve to complete solutions. They are present in most of South East Asia countries.

REPASSA, a name synonymous with High Quality and Reliability welcomes you to their website and looks forward to serving you soon. www.repassa.com
